

St. Stephen School

To Love, To Inspire – To Achieve!

Discipleship Embodied • Partnership Embraced • Scholarship Celebrated • Leadership Modeled • Citizenship Personified

“Pathway to Knowledge Memorial Walkway”

Did you know that for over 40 years St. Stephen School has been educating children? What better way to ensure that you will be a permanent part of this history in the making? Give a gift that will last forever, your very own customized brick paver in our memorial walkway!

In the summer of 2004, our Parish School was the recipient of this magnificent center piece, with the installation of this brand new memorial entrance way for our school. Below we have included more detailed information and on the back of this form we have placed an order form.

You have a choice of a 12” x 12” **Georgia Gray Granite Stone** or you may select a 6” x 9” **Fineline Heritage Blend Concrete Paver**. Both choices are beautiful!

To place your order just stop by the rectory with your check and you can complete your inscription order form, it’s as easy as that!

Is your Son or Daughter graduating this year from 8th grade? Is someone in your family an Alumni of St. Stephen’s? Perhaps you are an Alumni of St. Stephen’s! What a great gift idea!! We can provide you with a beautiful Gift Certificate to use in gift giving so that you can let your loved one know of your thoughtfulness.

All proceeds from this project go directly to the school. This memorial, in large part, was responsible for funding the 2009-2010 Installation of 22 brand new computers for our entire computer lab.
